Introducing the X2 DTG/DTF Printer:

The Most Advanced and Easy-to-Use DTG/DTF Printer to Date

From the start, the DTG Connection team has been focused on offering **best-in-class garment printing technologies**. The two key factors we are always looking for in a great printer is reliability and it must be easy to operate and maintain.

That's why we are so excited to launch the X2! Our engineers have painstakingly analyzed previous DTG models across the industry to streamline the printing process and upgrade many components to reduce the chance of downtime — **making the X2 the most reliable, easy-to-use printer on the market.**

Juan Moon

Fantastic team and great customer service...
If you do Garment Printing, go with DTG Connection, they'll take good care of you and your business!

CM Blackhair

DTG Connection has been my GO-TO company... Great customer service, shipping turnaround is the best, and very helpful technicians who go above and beyond for my printer needs.

Rachel (BeachGecko)

From A to Z DTG connection is right there.
Highly recommend. I can't WAIT to get another machine through these guys.
